INDEX TO VOLUME II FOR 1875.

A.

Abdominal organs, malformation of, 279; presentation, Mr. Coffin on, 362
Abercrombie, Dr. John, 137
Abortionists, sentences on, 75
Accident, a curious, 143; Dr. Smart on deaths by in army and navy, 270, 357
Accidents from frost in London, 743
Aconite, action of in fever, 532
Acoustics, physiological, 278
Acton, Mr. W., treatment of constitutional syphilis, 258; death of, 740; inquest on, *ib.*
Adams, Mr. W., operation for depressed cicatrices, 260; treatment of broken nose, 421
Adamson, Dr., proposed memorial of, 741
Addison's disease, cases of, 541, 614
Adolescence, mortality of, 271
Adulteration of milk, 90, 715, 741
Adulteration Act, new, 511; old, last action in Scotland under, 535
Advertising of medical books in newspapers, *see* Medical books, advertising of
Advice, immoral and pernicious, 91
Africa, East, medical mission in, 711
Air, compressed, action of, 207
Air-passages, Mr. Spence on surgery of, 195
Aitken, Dr. J., Syme's operation modified, 489; poisoning by laburnum seeds, 555
——— Dr. L., the sanitary state of Rome, 271; night medical service, 687
Alcohol, discussion on in International Medical Congress, 466; dangers of abuse of, 506; medicinal use of, 763; detection of in urine, Mr. F. C. Hewett on, 780; physiological action of, 800
Alder, Dr., trial of, 180
Aldershot, hospital arrangements at, 659; losses of stores at, 690, 749, 802
Alford, Mr. Samuel, treatment of whooping-cough by carbolic acid, 480
Algiers, winter quarters in, 592
Allbutt, Dr. T. C., auscultation of the œsophagus, 228, 420
Almond river, pollution of the, 144
Aloes, crystalline constituents of, 304
Alopecia areata, Mr. J. H. Stowers on, 226
Althaus, Dr. J., electrolytic dispersion of tumours, 263, 606
Ambrose, Dr. J., concealment of venereal disease in the army, 98
Amenities, unusual, 713
America, medical practice in, 121, 187, 319, 479, 694; proposed international medical congress in, 796
Amputation of thigh for rupture of popliteal artery and vein, 259; Syme's, improved method of performing, 420, 489, 672; by combined cutaneous and musculo-cutaneous flaps, 675; skin-grafting on stump after, 719; at elbow-joint, 734
Amputations, medical officers' fees for, 106
Amyl, nitrite of, traumatic tetanus treated by, 523; action of, 527
Anæmia, idiopathic or progressive pernicious, Dr. B. Bramwell on, 758
Anæsthesia, the discoverer of, 28
Anæsthetics, mortality from, 109; deaths from, 113; choice of, 139, 148; Committee of Association on, 214; in extraction of teeth, Mr. A. Stewart on, 733; Mr. H. Sewill on, *ib.*; chloroform and ether as, in hospitals, 781. *See* Chloroform and Ether
Anatomical science, Dr. Cleland on present state of, 289
Anatomy, text-books on, 349; human, at Cambridge, 793
Anderson, Mrs. Garrett, on dysmenorrhœa, 233
——— Dr. McCall, treatment of aneurism of arch of aorta by galvano-puncture, 228, 517
——— Mr. W., the will as a therapeutic means, 692
Aneurism of thoracic aorta, Dr. Smith-Shand on, 42; Dr. McCall Anderson on treatment of by galvano-puncture, 228, 517; treated by distal ligature, Mr. Annandale on, 550; cases of, 558, 746, 755, 799; involving recurrent laryngeal nerve, 615; of abdominal aorta, 558; of aorta in the army, 684; traumatic varicose of femoral artery, 194; arterio-venous in thigh, 246; of arteries treated by wire-compress, Mr. J. Dix on, 258, 551; intracranial, 542; iliac, 614; intrathoracic, large, 641; popliteal, ligature of femoral artery with carbolised catgut for, 656, 670
Angina Ludovici, Dr. F. Murchison on, 778
Anglo-Saxon skeletons, 741
Ankle, disease of treated by carbolic acid injection, 248
Ankylosis, straight, of hip-joint, Adams's operation for, 258; fibrous, of knee, subcutaneous operation for, 262, 585, 703; of hip, treated by fracture of neck of femur, 430
Annandale, Mr. T., aneurism of aorta treated by distal ligature, 550
Anthropology, new school of in Paris, 505
Antiseptic, salicylic acid as an, 510; treatment of wounds, discussion on, 510, 557; ligatures, Mr. O. Pemberton on, 551; treatment, Mr. Lister on influence of on salubrity of hospitals, 769
Antivaccinators, in Dresden, 26; statements of, 283; in Montreal, 307; at Keighley, 713; in Berlin, 762
Antivivisectionists and the late Dr. John Reid, 374. *See* Vivisection
Aorta, thoracic, aneurism of, Dr. Smith-Shand on, 42; Dr. McCall Anderson on treatment of by galvano-puncture, 228, 517; treated by distal ligature, Mr. Annandale on, 550; cases of, 558, 746, 755, 799; involving recurrent laryngeal nerve, 615; in the army, 684; abdominal, aneurism of, 558
Aortic valves, congenital disease of, 541
Aphasia, emotional, 275
Apjohn, Dr., testimonial to, 795
Apoplexy, meningeal, Mr. Hodgson on, 88, 361
Apothecaries' Society, prizes in Botany, 54; regulations of, 326; the Chelsea gardens of, 619, 646; pass lists, *see* Medical News in each number
Apothecaries' Hall in Ireland, regulations of, 334
Appeals, 187, 479, 539
Appointments, medical, 546
Apprenticeships, medical, 602, 693
Araroba powder, 410
Armstrong, Mr. H. E., introductory lecture at University of Durham College of Medicine, 460
Army, British, changes among medical officers at Malta, 61; Dr. J. Ambrose on concealment of venereal disease in, 98, 110; medical regulations, 107; Dr. Lush's advocacy of claims of medical department, 109, 119; promotions, appointments, etc., of medical officers, 115, 243, 653, 690, 803; number of vacancies at examinations, 151, 571; good service pensions, 187; successful candidates for medical appointments, 216, 285; regimental system *versus* unification, 216; Dr. Smart on criminal deaths in, 221; Dr. Smart on deaths from accident in, 270, 357; regulations for admission to medical service, 405; hospital corps, 461; departmental officers of, 495; retirement of Dr. Logie, 571, 598, 627; military hospitals, 572; Knightsbridge barracks, 598; letter on medical reform, 627; promotion in, 659; assistant-professors at Netley, 659; half-pay without half-pay, 659; hospital arrangements at Aldershot, 659; beards, 660; the unification system, 677; losses of stores at Aldershot, 690, 749, 803; remarks on medical department, 709; the case of Surgeon Spurway, 721; forage allowances, 749; married soldiers' quarters, 762
——— French, medical conscription in, 511

Arnica in orchitis, Mr. H. G. Knaggs on, 71; eczema from tincture of, 734
Arnold and Sons', Messrs., flexible stethoscope, 546; hypodermic syringe, 751
Arnott, Sir John, donation to charitable institutions in Cork, 375
Arrest of development of forearms, 769
Arsenic, chorea treated by, 397; eaters of in Styria, 437; in casks, poisoning by, 467; poisoning by from a green lamp-shade, 590; Mr. Kerr on chronic poisoning by, 610; in ladies' dresses, 648
Arteries, internal carotid, thrombosis of, 541; aneurism of treated by wire-compress, Mr. J. Dix on, 258, 551
Artery, femoral, Mr. Spence on traumatic varicose aneurism of, 194; popliteal, rupture of, 259; common femoral, Mr. O. Pemberton on ligature of, 259, 551; anterior communicating, aneurism of, 542; anterior cerebral, tumour of, *ib.*; external iliac, aneurism of, 614; femoral, ligature of with carbolised catgut, 656; external iliac, Mr. Myers on ligature of with carbolised catgut, 670; pulmonary, embolism of, 685; rupture of in thigh, 748
Arthritis, tubercular, 430
Artisans' Dwellings Act in Liverpool, 598
Ascites cured by resin of copaiba, Dr. Wilks on, 780
Assistants, unqualified, 63, 154, 287
Association, British Medical, Dr. G. M. Humphry on aims of, 35; Mr. D. Kent Jones on, 36; Dr. Orsborn on, 37; programme of annual meeting, 58, 81, 116, 144; Dr. Davies-Colley on rise and progress of, 66; vote of Edinburgh University Court towards expenses of meeting, 77; by-laws of, 79; proceedings of Committee of Council, 115, 596; remarks on annual meeting, 139, 178, 209; Sir Robert Christison's address, 155, 182; Dr. Begbie's address in Medicine, 164, 212; Dr. Matthews Duncan's address in Section of Obstetric Medicine, 171; Right Hon. Lyon Playfair's address in Section of Public Medicine, 173; Dr. Lowe's address in Section of Psychology, 176; forty-third annual meeting, 181, 210; address of retiring president, 181; vote of thanks to the retiring president, *ib.*; address of welcome from the Edinburgh Municipal Council, *ib.*; report of Council, 182; vote of thanks to Mr. Samuel Wood, 184; vote of thanks to Dr. Stewart, *ib.*; the army medical department and civil surgeons, *ib.*; by-laws of the Association, *ib.*; re-election of Vice-presidents, *ib.*; re-election of Treasurer, 185; election of General Secretary, *ib.*; Mr. Spence's address in Surgery, 189, 212; Dr. Rutherford's address in Physiology, 198, 213; Dr. Gairdner's address in Section of Medicine, 200; report of Parliamentary Bills Committee, 201, 214; report of Scientific Grants Committee, 202, 212; report of Joint Committee on State Medicine, 202, 212; place of meeting for 1876, 210; President of Council, *ib.*; vote of thanks to Mr. Southam, *ib.*; vote of thanks to Dr. Falconer, *ib.*; election of Treasurer, 211; Committee of Council, *ib.*; honorary members, 211, 215; the admission of lady members, 211, 252, 646, 724; report of the Committee on Qualifications in State Medicine, 212, 244; habitual drunkards, 214; medical relief of the poor in Scotland, *ib.*; anæsthetic agents, *ib.*; vote of thanks, 215; dinner, 235; president's reception, 238; *conversazione*, *ib.*; garden party, *ib.*; *Edinburgh Medical Journal* on annual meeting, 305; remarks of a contemporary on, *ib.*; members present at annual meeting, 311; remarks on scientific reports of, 528; notice regarding scientific grants, 568; numerical strength of, 646; new Branches of, 743, 796; notice of motion regarding, 745; progress of in 1875, 787; foreign critics of, 794; annual meeting, etc., in 1876, 807
——— Section of Medicine: Dr. Gairdner's address at opening of, 200; types of continued fever, 228; treatment of aneurism of arch of aorta by galvano-puncture, 228, 517; auscultation of the œsophagus, 228, 420; appearance of the tongue in health and disease, 228; treatment of acute rheumatism by tincture of perchloride of iron, 229, 417; rheumatic fever and its treatment, 229; the pneumonias of childhood, *ib.*; tetany, 229, 456; experiments relating to the pathological anatomy of myelitis, 229; hooping-cough and its treatment with carbolic acid vapour, 229, 425; paralysis of the serratus magnus muscle, 229, 455; abnormal disposition to sleep alternated with choreic movements, 229, 547; cases of rubeola notha, 230; pulmonary and tricuspid valvular disease, *ib.*; the syphon stomach-tube, 230, 485
——— Section of Surgery: treatment of club-foot, 257; peculiar variety of hydrocele of the cord, *ib.*; excision of the thyroid gland, 257, 386; subcutaneous division of the neck of the thigh-bone on both sides for straight ankylosis, 258; cases of aneurism treated by the wire compress, 258, 551; modern treatment of constitutional syphilis, 258; tracheotomy in croup and diphtheria, 258, 292; partial rupture of popliteal artery, 259; stricture of the urethra, *ib.*; conjunctival transplantation from rabbit, *ib.*; ligature by an antiseptic material, 259, 292; new operation for the obliteration of depressed cicatrices, 260; new rhinoplastic operation, 260, 393; treatment of strumous enlargement of the glands by hypodermic injections, 260; punctured fracture of the frontal bone treated by trephining, 260, 390; conservative aural surgery, 261; provincial surgery in Scotland, *ib.*; new operation

for ununited fractures, *ib.*; section of cornea in certain diseases of the eye, 262; subcutaneous operation for fibrous ankylosis of the knee, *ib.*; Egyptian ophthalmia and cataract complications, *ib.*; the varieties of wry-neck, *ib.*; modern methods of extracting cataract, *ib.*; treatment of spina bifida, 263; electrolytic dispersion of tumours, 263, 606; tertiary sore-throat, 263; treatment of lymphatic tumours of the neck, 264; severe cerebro-spinal symptoms from a fall at football, *ib.*; extirpation of the tongue, *ib.*; nourishment of the head of the femur after intracapsular fracture, *ib.*; fibrous tumours of the auricle, *ib.*; Mr. Lister's address, 769

Association, Section of Obstetric Medicine: Dr. Matthews Duncan's address at opening of, 171; embryotomy, 231; accidental hæmorrhage alternating with watery discharge, *ib.*; new midwifery forceps, *ib.*; obstetric thimble, *ib.*; ovarian dropsy, *ib.*; prevention and management of miscarriages, 231, 665; placenta prævia, 231; inversion of the uterus, 231, 296; memoir of the life of Smellie, 231; examination of the female bladder, 232; intemperance in women, *ib.*; obstetrical statistics, 232, 635; uterine flexions and displacements, 232; nitric acid as a caustic in uterine practice, 232, 609; management of the lying-in woman, 233; transfusion by Aveling's apparatus, *ib.*; triplets complicated by double uterus, 233, 359; dysmenorrhœa, 233; syphilitic placenta, 234; points in the management of the third stage of labour, *ib.*; vomiting in pregnancy, *ib.*; neuralgic dysmenorrhœa, 235; rupture of the umbilical cord during delivery, *ib.*

——— Section of Public Medicine: Right Hon. Lyon Playfair's address, 173; life-history of contagium, 265; nature of contagion, *ib.*; scarlet fever, how to prevent its spread, *ib.*; is enteric fever spontaneously generated? 266; typhoid fever in Skye, *ib.*; enteric fever traceable to a specifically polluted water-supply, *ib.*; enteric fever in Killamarsh, 267; ages at death from small-pox, measles, and scarlatina, 267, 520; points connected with cottage hospitals, 267; legislation for the control and treatment of insane drinkers, 253, 255, 267; State Medicine in relation to education, 268; parochial medical relief in Scotland, 269; relations between weather and mortality in London, 270; the influence of weather on the death-rate from different diseases and at different ages, *ib.*; deaths by accident in the army and navy, 270, 357; numerical ratio of diseases in the adult male community, 270; mortality of adolescence, 271; tobacco and its effects on health, *ib.*; evils of medical men undertaking the duties of nurses, *ib.*; sanitary state of Rome, *ib.*; sanitation of houses, 272, 388; mortality in relation to dwellings, *ib.*; sanitary remarks on trap and soil-pipes, 273; comparative merits of the water-carriage and dry systems of sewage, *ib.*; sanitary conditions of rural districts, *ib.*; drinking and table waters, 274; mineral constituents of drinking waters, *ib.*; vote of thanks to President, *ib.*

——— Section of Psychology, Dr. Lowe's address, 176; unilateral phenomena of mental and nervous disorders, 274; unusual case of epilepsy, 275, 700; emotional aphasia, 275; statistics of lunacy in town and country, *ib.*; unilateral convulsions and hemiplegia from circumscribed lesion, *ib.*; microcephalic idiocy, 276, 454; bulbar paralysis, 276; effect of diseases on weight of encephalon, *ib.*; psychology of muscle, 277; hypodermic injection of morphia in insanity, *ib.*; experiments on brain of monkeys, *ib.*

——— Section of Physiology: transference of long tendon of biceps muscle from scapula to humerus in chronic disease of the shoulder, 278; electric currents of brain, *ib.*; digestive principles of insectivorous plants, *ib.*; effect of drugs in intracranial circulation, *ib.*; case of death in a diver, *ib.*; physiological acoustics, *ib.*; effect of division of cervical sympathetic, *ib.*; anatomy and physiology of semicircular canals, *ib.*; process for staining tissues, *ib.*; action of stimulants and narcotics, 279; magnetic effects of arterial and venous blood, *ib.*

——— Aberdeen, Banff, and Kincardine Branch, spontaneous origin of typhoid fever, 720

——— Bath and Bristol Branch, president's address, 68, 85; annual meeting, 85; Report of Council, *ib.*; president-elect, *ib.*; vote of thanks to retiring president, *ib.*; proposal regarding discussions, *ib.*; secretaries, *ib.*; representatives in General Council, *ib.*; ordinary meetings, 655, 798; new members, 655, 798; discussions at meetings, 655; advertising medical books in public newspapers, *ib.*; papers, *ib.*

——— Birmingham and Midland Counties Branch, annual meeting, 83; the president elect, *ib.*; new members, *ib.*; vote of thanks to retiring president, *ib.*; report of Council, *ib.*; financial statement, 84; votes of thanks, *ib.*; election of officers, *ib.*; dinner, *ib.*; president's address, 481, 655; ordinary meetings, 654; new members, *ib.*; dilated stomach, *ib.*; recurrent tumour of the eyeball, *ib.*; exophthalmia, 655. Pathological and Clinical Section: lupus vulgaris, 655; lamellar cataract and defective teeth, *ib.*; amputation of the foot, *ib.*; retro-uterine hæmotocele, *ib.*; femoral aneurism, *ib.*

Association, Border Counties Branch, annual meeting, 284; report of Council, *ib.*; Medical Benevolent Fund, *ib.*; president's address, *ib.*; new members, *ib.*; election of office-bearers, *ib.*; medical fees, *ib.*; dinner, *ib.*; autumnal meeting, 717

——— Cambridge and Huntingdon, East Anglian, and South Midland Branches, combined annual meeting, 60; president's address, 35, 60; new members, 60; place of next meeting, *ib.*; representatives in General Council, *ib.*; legislation for habitual drunkards, *ib.*; medical advertising, *ib.*; papers, *ib.*; dinner, *ib.*

——— East York and North Lincoln Branch, conjoint meeting with Yorkshire Branch, 568

——— Gloucestershire Branch, annual meeting, 717; president for 1876, *ib.*; insular sclerosis, *ib.*; medical education of women, *ib.*; diseases of the fauces and larynx, 718.

——— Lancashire and Cheshire Branch, president's address, 66, 147; annual meeting, 147; report of Council, *ib.*; medical advertising, *ib.*; officers and Council, *ib.*; communications, *ib.*; dinner, *ib.*

——— Metropolitan Counties Branch, president's address, 23, 119; annual meeting, 118; new members, *ib.*; report of Council, *ib.*; treasurer's report, *ib.*; election of officers and Council, *ib.*; votes of thanks, *ib.*; habitual drunkards, 119; dinner, *ib.*

——— Midland Branch, annual meeting, 84; president's address, *ib.*; new members, 85; officers and Council, *ib.*; election of members of the Association, *ib.*; advertisements of medical books, *ib.*; dinner, 85, 445; quarterly meeting, 445; papers, *ib.*

——— North of England Branch annual meeting, 147; votes of thanks, *ib.*; report of Council, *ib.*; officers for 1876-76, *ib.*; representatives in General Council, *ib.*; representatives in Parliamentary Committees, *ib.*; dinner, 148, 445; autumnal meeting, 445; papers, *ib.*

——— North Wales Branch, president's address, 36; annual meeting, 60; vote of thanks, *ib.*; report of Council, *ib.*; next annual meeting, officers and Council, *ib.*; mitral constrictions, *ib.*; morbid specimens, *ib.*; bead enclosed in a nerve, *ib.*; ephidrosis cruenta, 61; lupus exedens, *ib.*; injuries of head, *ib.*; bone-setters, *ib.*; dinner, *ib.*

——— Northern Counties of Scotland Branch, annual meeting, 506; paper, *ib.*; abnormal births, *ib.*; office-bearers, 507; dinner, *ib.*

——— Shropshire Ethical Branch, annual meeting, 654; vote of thanks, *ib.*; election of officers, etc., *ib.*; medical advertising, *ib.*; hospital charity abuse, and gratuitous operations, *ib.*; Dr. Inglis and the executive committee of the Worcester Infirmary, *ib.*; quack advertisements, *ib.*; thanks to the president, *ib.*; communications, etc. *ib.*; dinner, *ib.*

——— Shropshire Scientific Branch, annual meeting, 568; address, *ib.*; paper, *ib.*

——— South Eastern Branch, president's address, 70; annual meeting, 87; report of Council, *ib.*; financial report, *ib.*; representatives in General Council, *ib.*; Council of Branch, *ib.*; secretary, *ib.*; place of meeting in 1876, 88; alteration of law, *ib.*; title of doctor, *ib.*; midwives, *ib.*; new members, *ib.*; visit to Brookwood Asylum, *ib.*; dinner, *ib.*—East Kent district meetings, 379, 507, 745; medico-ethical committee, 379, 507, 745; advertising medical books in public papers, 507, 745; retention and extravasation of urine, 507; diphtheria, *ib.*; comparative birth-rate and number of conceptions, 748; turning in shoulder and arm presentations, *ib.*—West Kent district meeting, 683; next meeting, *ib.*; papers, *ib.*; excision of elbow, 748; rupture of artery in thigh, *ib.*; neurohæmatic, lesion, *ib.*; central placenta prævia, *ib.*; intermittent fever, *ib.*; stomatitis, etc., *ib.*—East Surrey district meetings, 625, 798; medical advertising, *ib.*; treatment of Colles' fractures, *ib.*; specimens, *ib.*; acute dropsy in a boy, *ib.*; femoral hernia, *ib.*; fistulous opening in neck, 625, 798; anæsthetics, 625; puerperal fever, *ib.*—East Sussex district meetings, 88, 655, 745; malaria, 88; meningeal apoplexy, *ib.*; new members, 88, 745; dinner, 88, 656, 745; pathology of chorea, 655; medical advertising, 656; communications, 745; notice of motion, *ib.*

——— South of Ireland Branch, annual meeting, 717; new members, *ib.*; president's address, *ib.*; report of Council, *ib.*; officers and Council, *ib.*; meeting of the Branch, *ib.*; votes of thanks, *ib.*; dinner, *ib.*; extroversion of bladder, 747; chronic phthisis, *ib.*; scirrhus of pylorus, *ib.*; traumatic tetanus, *ib.*; accidental concealed hæmorrhage, *ib.*

Association, South Midland Branch, annual meeting, in Cambridge and Huntingdon; autumnal meeting, 479; annual meeting in 1876, *ib.*; papers, *ib.*; votes of thanks, *ib.*

——— South Wales and Monmouthshire Branch, annual meeting, 148; president's address, *ib.*; report of Council, *ib.*; new members, *ib.*; election of officers, *ib.*; membership of the Association, *ib.*; medical advertisements, *ib.*; papers, *ib.*; Medical Benevolent Fund, *ib.*; dinner, *ib.*

——— South Western Branch, annual meeting, 59; president's address, 59, 65; next annual meeting, officers, and Council, *ib.*; vote of thanks, *ib.*; communications, *ib.*; dinner, 60.

——— Southern Branch, president's address, 37, 86; annual meeting, 85; report of Council, *ib.*; president elect, *ib.*; vice-presidents, 86; secretary, *ib.*: vote of thanks to retiring president, *ib.*; district meeting, *ib.*; excursion to Netley Abbey, *ib.*; dinner, *ib.*—Dorset district meeting, 568; officers, *ib.*; new members, *ib.*; paper, *ib.*—South-East Hants district meeting, 653; pyæmia, *ib.*; cystic tumour of the lower jaw, *ib.*

——— Staffordshire Branch, ordinary meeting, 88; new members, 88, 718; cystic tumours of thyroid body, *ib.*; cancer of breast, *ib.*; annual meeting, 718; vote of thanks, *ib.*; president's address, *ib.*; report of Council, *ib.*; place of next annual meeting, *ib.*; proposed alteration of rule, *ib.*; votes of thanks, *ib.*; election of officers, *ib.*; dinner, *ib.*

——— Thames Valley Branch, ordinary meeting, 745; papers, *ib.*; dinner, *ib.*

——— West Somerset Branch, annual meeting, 245; report of Council, *ib.*; representatives in the General Council of the Association, *ib.*; honorary secretary and treasurer, *ib.*; place of meeting in 1876 and president elect, *ib.*; intermediate meetings, *ib.*; members of Council of the Branch, *ib.*; habitual drunkards, 246, 568; supposed poisoning by hemlock, 246; a medico-legal case, *ib.*; case of psoas abscess, *ib.*; vital conservancy in disease, *ib.*; dinner, *ib.*; autumnal meeting, 568; paper, *ib.*; blood-letting in disease, *ib.*

——— Yorkshire Branch, annual meeting, 59; report of Council, *ib.*; election of officers and Council, *ib.*; clinical cases, *ib.*; simulated hip-disease, *ib.*; necrosis of cranial bones, *ib.*; temporary paralysis, *ib.*; dinner, *ib.*; conjoint meeting with East York and North Lincoln Branch, 568; communications, *ib.*

Association, British, for Advancement of Science, Dr. Cleland's address in Anatomical and Physiological Department of Theological Section, 289; remarks on, 307; proceedings of Department of Anatomy and Physiology, 309; physiological action of light, *ib.*; microphotographs, 310; vascular plexuses in animals, *ib.*; protoplasm and adipocere, *ib.*; intestinal secretion, *ib.*; origin of the lymphatics, *ib.*; anatomy of the skin, *ib.*; physiological action of chinoline and pyridine bases, *ib.*

——— British Medical Defence, 468, 737, 763

——— Forfarshire Medical, annual meeting, 78

——— German, of Naturalists and Physicians, meeting of, 532

——— German Sanitary, subjects for discussion at, 243

——— Manchester Medico-Ethical, report on provident scheme, 790

——— Medical Officers of Health in Yorkshire, 402; Northern Counties, autumn meeting, 542

——— St. Andrew's Graduates', 591

Astrologer, a medical, in trouble, 111

Asylum, new blind in Edinburgh, 594

——— lunatic, new, for Surrey, 28; Aberdeen, proposed enlargement of, 54; Limerick, enlargement of, 404; new, near Glasgow, 567; Cork, dismissal of attendants, 567; West Riding, *conversazione* at, 680; Montrose, extension of, 764

——— sick, new metropolitan, 28; Caterham, inspection of, 74; Hampstead, report of Committee on, 240

Asylums, Lunatic, Reports of, *rev.*, 398; in Ireland, Bill concerning, 185; report on, 795

Atrophy, progressive muscular, 558
